REGIONAL FACILITIES

ACADEMIC OFFER

We offer 6 Technical Academic programs, 4 Undergraduate Degree programs, 8 Graduate Degree programs and 2 Curricular Complementation Cycle programs:

- TECHNICAL ACADEMIC PROGRAMS
- ENGINEERING PROGRAMS
- GRADUATE DEGREE PROGRAMS
 - 3 SPECIALIST DEGREES
 - 3 MASTER DEGREES
 - 2 DOCTORATE DEGREES

FRD is a benchmark for Higher Education in the local area with a university community of more than 2000 people.

TECHNICAL ACADEMIC PROGRAMS

- Industrial Maintenance
- Logistics
- Industrial Processes
- Operation and Maintenance of Electrical Networks
- Programming
- Automotive Industry Management

ENGINEERING

- Chemical
- Electrical
- Mechanical
- Information Systems

GRADUATE DEGREE PROGRAMS

- Specialist in Management Engineering
- Specialist in Environmental Engineering
- Specialist in Structural Testing and Non-Destructive Testing
- Master in Environmental Engineering
- Master in Biotechnological Processes
- Master in Business Administration
- Doctorate in Structural Testing Engineering
- Doctorate in Materials Engineering

ACADEMIC WELLBEING

We prioritize the socioeconomic, psychophysical, sports and recreational wellbeing of our own students as well as exchange students.

- EXCHANGES
- MENTORING
- SCHOLARSHIPS
- SPORTS

STUDENTS MOBILITY

Committed to the comprehensive training of people, we articulate mobility agreements that involve numerous students per year from different universities in the country and around the world and whom we receive in our premises.

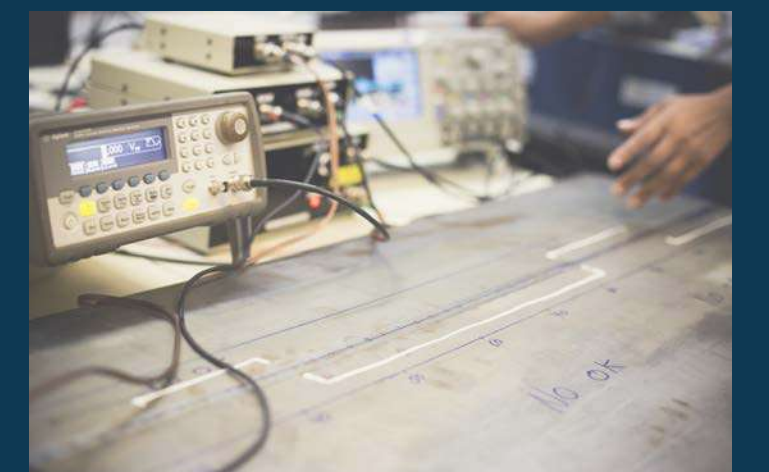

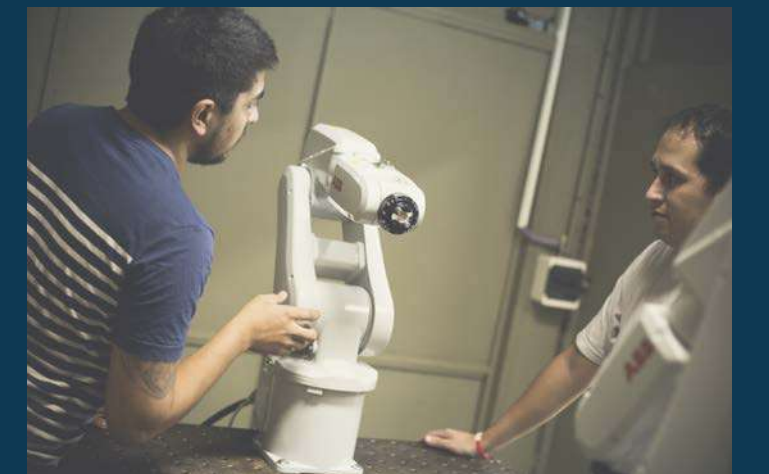

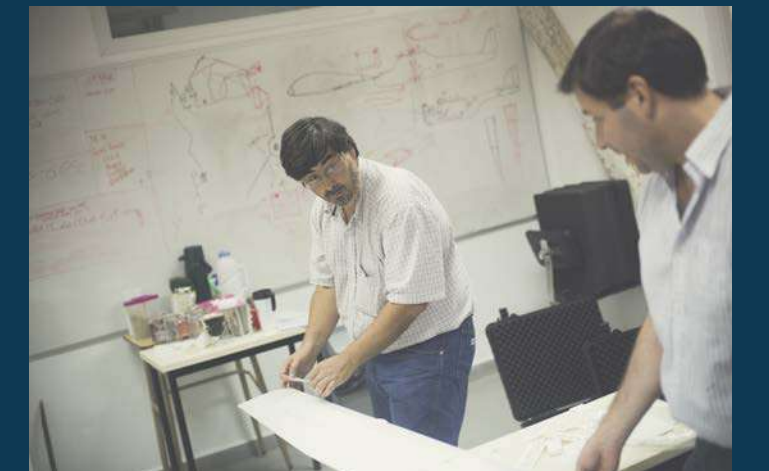

+200 TEACHERS

+60 RESEARCHERS

+20 RESEARCH GROUPS

“ “ *Fundamental pillars
of our institution.*

We generate new knowledge, innovations and technological transfers for the regional and national socio-productive area as regards the teaching of undergraduate and postgraduate students in our Faculty.

AÑOS

RESEARCH AND DEVELOPMENT GROUPS AND CENTRES

- **STRUCTURAL TESTING CENTRES**

- Mechanical Vibrations
- Optoelectronics and Applied Metrology
- Non-Destructive Testing
- Acoustic Emission
- Mechanical Computing
- Nanophotonics

- **OTHER INVESTIGATION AND DEVELOPMENT GROUPS**

- Access and Residence of Undergraduate Students
- Development of Virtual Environments for Teaching and Learning
- Water Quality
- Systems Development
- Software Development
- Product Management, Design and Development
- Atmospheric Studies

- **ENERGY AND ENVIRONMENT DEVELOPMENT CENTRE**

- Energy Efficiency and Renewable Energy
- Energy and Transportation
- Environmental Engineering

- Computing Services and Studies
- Management
- Instrumentation and Control of Electrical Machines
- Composite Materials
- Biotechnological Processes
